## THE WRITE REVEREND

In 1905, and again in 1915, Albert Einstein shook the scientific world with his theories of relativity. Up until then, Sir Isaac Newton's laws of motion had been the be all to end all in physics and the world was sure they would stand forever. But Einstein proved that Newton's theories were only approximately right and did not account for what happens when approaching the speed of light and/or a strong gravitational field.

But I can imagine that the power of Einstein's theory of relativity pales in comparison to how news of the resurrection would have shaken Jesus' world. Up until then, death had had the last word and was the power beyond which there was no answer. But on the third

day after his crucifixion, Jesus of Nazareth was raised from the dead and His resurrection has become the central event in the Christian faith.

In the early 1950's Paul Tillich wrote "Shaking the Foundations." In this work he argued that with man's capacity for self destruction present with us in nuclear weapons, we were faced with only two choices, annihilation and despair or faith in the world to come as promised by Jesus and given testimony in the resurrection.

Like Newton and Einstein's discoveries, the resurrection shocked the foundations of the existing social order and promised a new world where justice would run down like water and righteousness like an ever-flowing stream. Where those who were last in the old world would be first in the new; a world where the least, the last, the lost, the lonely, the left out would sit down at the heavenly banquet and be fed until they wanted no more.

During Easter and the Sunday's after, we celebrate the breaking into human history of that world in the resurrection of Jesus from the dead. Hallelujah, Christ is risen in deed!

### OUTREACH FROM INSIDE

Grace Place UMC, serving the female inmates inside the Mark Luttrell Correctional Center, is asking for yarn, and other items, to continue its many crafting projects. Grace Place members crochet crosses, scarves, angels, bears, etc., which volunteers sell “on the outside”, to help the congregation support various charities. Items not made for sale support persons in need inside and outside the prison, with crocheted cancer caps, baby blankets, prayer shawls, hats and scarves.

Regular, 4-ply yarn, in assorted colors, preferably in original packaging or rolled into balls and placed in zip-lock bags, soft baby yarn, plastic tapestry needles, plastic crochet hooks and #10 crochet cotton, may be mailed to the Asbury District Office at Highland Heights UMC, 3476 Summer Ave., 38122, or delivered Monday through Thursday from 9 to 3.
