## THE WRITE REVEREND

It was the great Victor Hugo who said: "More powerful than . . . mighty armies is an idea whose time has come." I believe that he was right. I also believe that our celebration of World Communion Sunday on October 5 proves his point beyond even the shadow of a doubt. Our combined celebration of World Communion Sunday and our Cultural Festival was indeed an idea whose time had come. On Sunday we celebrated, through Holy Communion with fellow Christians all over the world, our faith in Jesus and the way of life he taught and personified. At the same time, we lifted up the tremendous ethnic and racial diversity we have within the body of Christ and especially within our three churches: Aldersgate, Asbury and El Redentor. Wow! Did we have a great day or not? We had representation from Costa

Rico, Mexico, Peru, St. Vincent and Grenadines, Nigeria, Sweden, South Sudan, Sierra Leone, El Salvador, Guatemala and Honduras.

Even the forces of nature worked with us to make it a picture-perfect occasion: the weather was wonderful! With that, we offered worship that was worthy of our God. The music was majestic; the crowd was cheerful and diverse; the food was excellent and plentiful. What more could we want? We anticipated perhaps 150 people; we had more than 350 people!

In the midst of all this, we may have also gained a new member at one of our churches. To top off the day's activities, a brother new to the neighborhood felt compelled to come to church on Sunday and was simply blown away by the welcome he experienced and wants to become part of us. Wow! Did we have a great day or not?

Pastor Luz Campos from El Rendor, who chaired our event, is in the process now of collecting evaluations of the day's activities so that we can learn from our experience and use our critique to make future events even better. This was the first such undertaking for our Parish Ministry together and I believe it holds the seeds to a blessed and bright future in ministry for us. Wow! Did we have a great day or not? What do you think? Let me know: [herb.lester3@gmail.com](mailto:herb.lester3@gmail.com)

## UMW NEWS

### Children's Sabbath is October 12

One in every 5 children lives in poverty in our rich nation. Nearly half of all children living in poverty are not ready to learn at age 5.

When the idea of making a big change is overwhelming, the advice is often to just take "baby steps". When we think about making a difference for our nation's children, rather than becoming overwhelmed and giving up, we can focus on taking baby steps—the first changes that will set us on the way to giving every child a healthy and productive future.

What's the first step? Ensuring that children in poverty have access to high-quality early childhood development and learning opportunities, so that babies, toddlers and preschoolers receive what they need to enter school ready to learn. Studies have shown that children enrolled in high-quality early childhood programs are more likely to graduate from high school, hold a job, make more money and be less likely to commit a crime than their peers who do not participate. The Strong Start for America's Children Act invests in and encourages expansions of high-quality, voluntary home visiting programs, Early Head Start, Head Start, child care, pre-K and quality kindergarten programs to reach poor and low income children birth through age 5.

Here at Aldersgate, we will celebrate Children's Sabbath on Oct. 12. Please join us to hear Rebecca Lesley-Paulk, who works with the CASA program (Court Appointed Special Advocates), tell how she works in the public and private sectors as a facilitator and how you may be involved with children, the poorest sector of our nation.
